724SOFTWARE Through Clients' Eyes

Working with 724SOFTWARE has been an outstanding experience. Our partnership with them spans both full project outsourcing and individual talent placement, and both models have worked really well for us in terms of quality and cost-effectiveness. What truly sets them apart is the caliber of their people. Whether working as a dedicated project team or as individual contributors alongside our own staff, their skill and commitment are evident. They are a flexible, high-value partner we wholeheartedly endorse.

Kevin Chan
Director - UniSoft

724SOFTWARE has been exceptional to work with throughout our project. Their team is highly skilled and professional, delivering outstanding results that exceeded our expectations. They were responsive to our needs, communicated clearly, and maintained excellent quality standards. The people at 724SOFTWARE are truly dedicated and reliable partners for any software development project.

Jaeyong Lee
CTO - VBPTR

724SOFTWARE Through Clients' Eyes

724SOFTWARE is KAL partner in in delivery, planning, strategic ventures. The quality of the individuals and the company as a whole sets them high above the rest in anything from ideation to distribution through service and support.

Tamir Konortov
CEO – KAL Solutions

Their quick action in debugging and building critical features is highly valued within our ecosystem. On top of that, their strong programming skills, combined with proficiency in multiple languages, make them an ideal and efficient partner for building digital products.

Zara Jane Tan
Founder – Novalearn
